

E2 CONSULTANT SEARCH ANNOUNCEMENT

TITLE: E2 Georgia Representative

STATUS: Consulting position, starting as soon as possible (target of mid-to-late May) and extending through June 2027, with possibility for further extension

REPORTS TO: E2 Southeast Advocate Zach Amittay

HOURS: Part-time (20 hours/week preferred)

COMPENSATION: ~\$4,000-\$5,000/month, commensurate with experience

LOCATION: Atlanta area preferred; must be willing/able to travel throughout Georgia as needed.

Organization Description

E2 is a national, non-partisan network of executives, investors, and other business leaders who advocate for smart policies to accelerate the clean energy transition. An affiliate of the Natural Resources Defense Council (NRDC), E2 works at both the state and national levels. More information can be found at www.e2.org.

Contract Work Description

We seek a dynamic and motivated individual to help E2 maintain and expand our business network and policy advocacy work in Georgia. Under full-time staff guidance, this person will identify, recruit, and activate business voices throughout Georgia in support of state and federal policies that advance clean energy, clean transportation, and other E2 policy priorities. This person will engage with established E2 business voices in Georgia, but also identify and recruit new cross-sector business leaders in Georgia who are passionate about our issues.

A strong candidate has experience in business organizing, event planning, communications, and policy advocacy. The ideal candidate has established business connections and contacts, preferably in the cleantech and sustainability sectors.

Job duties are focused on identifying, recruiting, and activating good business messengers on the economic benefits of smart clean energy policies. This includes building relationships with business leaders and in-state partners, organizing events independently and in collaboration with other groups, attending industry and ecosystem events, and coordinating with partners on policy advocacy.

Responsibilities

- Business outreach: recruit business leaders throughout Georgia via targeted outreach, partner and industry events, conferences, and more.
- Events: ideate, plan, and execute events (independently and in partnership with other groups) to engage existing and prospective members of the E2 business network.
- Policy and Advocacy: Engage supporters and other business leaders in regulatory and legislative processes that advance our policy objectives.

Environmental Entrepreneurs • www.e2.org • facebook.com/e2.org • [@e2org](https://twitter.com/e2org)

Mid-Atlantic • Midwest • New England • New York • Northern California • Pacific Northwest • Rocky Mountains • San Diego • Southern California

- Communications: draft event invitations, sign-on letters, blog posts, marketing materials, and additional content under E2 staff guidance.
- Record-keeping: help E2 staff maintain up-to-date records on E2 business members and supporters in Georgia and the Southeast.

Professional Qualifications

- Experience in outreach and advocacy
- Experience engaging with the business community
- Experience or strong interest in clean energy, climate and environmental policy
- Comfort working autonomously and remotely
- Excellent time management, attention to detail, and follow-through
- Excellent written and interpersonal communication skills

Resume and letter of interest should be sent to E2 Southeast Advocate Zach Amittay at zamittay@e2.org.

Position will be filled as soon as possible, with expected start date in mid-to-late May 2026.
